

You need to prevent Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary. Let them take the message to the movie theaters where people can make a decision as to whether they want to see it. It is unfairly prejudicial for Sinclair to use the public airwaves for its political agenda. Media ownership rules need to be enforced and revised so things like this do not occur, regardless of whether the owners are to the right or the left. I would be upset if 911 was aired on tv/radio rather than in movie theaters. The same goes here.
